

PROMOTE project management best practices,
MOTIVATE practitioners' professional development,
INTEGRATE project management concepts and tools in a simplified manner.

“I first met Bakhtawar at a PMI function and was immediately drawn to her warm personality, knowledge and eloquence on the project management topics up for discussion. Subsequently, learning under her stewardship during exam preparations, I have personally benefited from her deep understanding, expertise and experience in the areas of business management, strategic planning and leadership, stakeholder management and change management. Over the past two years, I have come to know her as a very competent trainer, coach, mentor and overall a great person.”
